NATIONAL HIGHWAY ROAD KHAWAJABAGH, BARAMULLA, JAMMU & KASHMIR – 193101

## ABOUT THE CONFERENCE

Department of Media Studies at Government Degree College Baramulla, JK, recently established a centre for carrying out research in Mass Communication and Multimedia Production. Simultaneously, a need was felt to orient, or reorient, all the associated scholars, students as well as academics to the significance of communication and communication-research.

Not many conferences are held on the subject in this part of the world, leaving very efficient scholars here with least opportunities to showcase their work.

Our department, having been made the Hub for the development of Research Ecosystem in Mass Communication and Multimedia Production in the colleges of Kashmir province, thought of making a start, with this National Conference on Communication and Society: Challenges, Gaps, and Opportunities.

This event will encourage local and national academicians and scholars to present their research work and exchange ideas on a national forum stimulating respectful dialogue. For the budding scholars of Kashmir, this event will afford an exceptional opportunity for enhancing their research skills through interactions and idea exchanges with the accomplished scholars and academicians of India.

We aim to make it an annual platform where we all can come together to learn from each other.
